

PUTNEY & WOOD LTD

The Stonework Contractor | Contemporary | Traditional

PROJECT PROFILE: 8-10 Hanover Street, London W1

- **Client:** City Offices London Ltd
- **Architect:** Squire & Partners
- **Main Contractor:** Mace
- **Material used:**
Pietra Serena, Laurant St. Noir
- **Value:** £210,000
- **Completed:** September 2013
- **Contract duration:** 8 weeks
- **Scope of work:**
Internal marble wall cladding and sandstone flooring

Situated within the Mayfair Conservation Area, 8-10 Hanover Street underwent a major redevelopment to provide high quality offices, luxury apartments and prime retail units occupying 45,000 sq ft over seven floors.

Putney & Wood was appointed by main contractor Mace to design, procure and install the internal flooring and wall cladding for the office and residential reception.

Large slabs of Noir St. Laurant marble were polished and carefully book-matched to create a distinctive feature wall behind the reception desk, while Pietra Serena sandstone from Tuscany was used for the flooring.

"We are happy with the quality of the marble installation from Putney & Wood. Their project team worked with us to deliver an excellent job which the client is very pleased with."

Mark Hellawell – Mace Group
